

## The Weevil Song!

(Sung to the tune of twinkle, twinkle little star)

Weevil, weevil, little bug  
How I wonder what you've dug  
Into my small acorn where  
Tiny holes do now appear

Larva, larva, in the egg  
Hatch and show your many leg  
Burrow through the little nut  
Eat the acorn, fill your gut

Pupa, Pupa, sleep away  
Rest until you wake one day  
Emerge from your old dry skin  
You're a weevil! Start again!
