East Stroudsburg Area School District Mission Statement

East Stroudsburg Area School District fosters within all students a commitment to excellence, service and life-long learning which prepares them to be creative, productive and responsible citizens with a global perspective.

East Stroudsburg Area School District Athletic Program Philosophy

The East Stroudsburg Area School District Athletic Program serves as an integral part of the educational process for students grades 7-12. As a compliment to the academic component, our athletic program is structured to foster physical, social, emotional/intellectual, and moral development in all participants. In addition to promoting the skills identified in the district mission statement, the ESASD athletic program also emphasizes teamwork, good sportsmanship, leadership, and a competitive spirit. Participation in athletics is a privilege, not a right.

This athletic handbook is a written guide providing insight into the basic structures, procedures, and policies for **all** student-athletes, parents, community members, coaches, and administrators. As is the case with all components of an academic institution, success within our athletic program is based on all stakeholders working together for the betterment of our student-athletes.

Athletic Program Organizational Framework

This chart illustrates the basic organizational framework and levels of the athletic program. The chart should be used to identify the proper communication path needed to answer questions.

Role of Athletics in Schools

1. The athletic program compliments life skills learned in the classroom. Organization, time management, integrity, a strong work ethic, perseverance, and a commitment to excellence are a part of daily athletic interactions.
2. The athletic program teaches student-athletes the importance of respect and professionalism. Through appearance, communication, and good sportsmanship, student-athletes learn the impact of their actions and behaviors on others.
3. The athletic program provides students with strict practice schedules during seasons, and voluntary workouts before and after school during the off-season allowing students to strengthen their bond with peers, coaches and the school.
4. Athletic events allow the school and community to come together in support of all teams.
5. The athletic program aids in the development of school pride through organized competitions, logos, defined colors, mascots, uniforms, and adequate facilities.

Parental Consent & Mandatory Paperwork Necessary to Compete in Interscholastic Athletics

Each student-athlete who desires to participate in ESASD Athletics is required to submit the **PIAA Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE)** paperwork prior to the start of the season. This paperwork includes personal and emergency information, a certification of parent/guardian, an understanding of risk of concussion and traumatic brain injury, an understanding of sudden cardiac arrest symptoms and warning signs, a health history, and a comprehensive initial pre-participation physical evaluation and certification of authorized medical examiner form. Additionally, the ESASD Athletic Department requires completion of the athletics/activities consent/emergency card and provides parents/guardians with information on concussions and MRSA. All forms must be completed and signed by the appropriate parties before a student-athlete will be eligible for the start of a season.

The athletic department will establish dates, times, and locations for school-sponsored physical exams prior to the beginning of each athletic team season. Student-athletes will not be permitted to receive a school-sponsored physical unless the designated CIPPE form has been completed and signed by the student-athlete and his/her parent(s)/guardian(s). While the physical examinations will be given **FREE OF CHARGE**, a \$10.00 deposit is required to schedule the appointment. Upon arrival for the scheduled appointment, the \$10.00 deposit is returned.

If a student-athlete misses the school-sponsored exams, he/she may get an exam from a doctor of their choice at their own expense; the doctor must complete the PIAA CIPPE form – **NO EXCEPTIONS**. It is

the responsibility of the student-athlete to arrange for their own physical should he/she misses the school-sponsored exams.

CIPPE forms can be picked up in any secondary building athletic office and accessed from the Athletic webpage under the *Resource* tab by clicking on *Sport Physical Packets*.

Insurance

As per Board Policy #211 – *Student Accident Insurance*, the East Stroudsburg Area School District purchases interscholastic sports insurance to cover all school district –student athletes practicing for and participating in interscholastic sports, grades 7 thru 12. The coverage will also include band members and cheerleaders practicing for or participating in an interscholastic event.

It is recommended that all student-athletes have 24 hour a day, seven days a week, personal accident insurance coverage. As the above mentioned insurance covers student-athletes during practice and competition, it does not cover them all other times of the day.

Voluntary accident insurance coverage is offered to *all* students in the school district who wish to purchase. Information regarding voluntary accident coverage will be distributed to each student at the beginning of the school year and can be available upon request throughout the school year by contacting the building main office.

Attendance in School for Eligibility to Participate

In order for a student-athlete to be eligible to participate in any contest, he/she must be enrolled in school and attend school regularly in accordance with applicable law. Additionally, student-athlete participation in scheduled activities or athletic contests is contingent upon the following:

- A student-athlete who is absent from school for the entire day may not participate in or attend a scheduled activity or athletic contest unless pre-approved by administration.
- A student-athlete who arrives AFTER 10:30 a.m. may not participate in a scheduled activity or athletic contest for that day unless pre-approved by administration.
- A student-athlete who leaves early from school without pre approval by administration or because of illness may not participate in a scheduled activity or athletic event for that day.
- A student-athlete who is suspended from school may not participate in a scheduled activity or athletic contest for the duration of the suspension. If a suspension ends on Friday, the student-athlete cannot participate in any weekend practices, contests, or events.

A Message from the Athletic Department

To the Parents:

Your son/daughter has expressed an interest to participate in interscholastic athletics with your approval. It is very important to read, review, and sign off on the information included in this document with your child. Additionally, it is recommended that you familiarize yourself with the *Student-Athlete Handbook* and the *Code of Student Conduct*. It is equally important to understand that participation in athletics is a privilege, not a right. Interscholastic athletics offered at the East Stroudsburg Area School District (ESASD) serve as an integral part of the educational process for students grades 7-12. Our athletic philosophy is based on developing the person, the student, and the athlete. As a compliment to the academic component, our athletic program is structured to foster physical, social, emotional/intellectual, and moral development in all participants. Additionally, the ESASD athletic program emphasizes teamwork, good sportsmanship, leadership, and competitive spirit. We are hopeful that the experiences and opportunities gained by participation in interscholastic athletics will help your son or daughter develop lifelong skills, making them more productive citizens within the community upon graduation. Lastly, we ask for your cooperation in being a positive role model by demonstrating respectful behaviors at all times with coaches, other parents, officials, administrators, spectators and all student-athletes.

To the Student-Athletes:

Being a member of an East Stroudsburg Athletic Team is a privilege, not a right. It is our expectation:

- That you embrace this opportunity to make yourself a better person, a better student, and a better athlete.
- That you will follow school rules at all times.
- That when you have questions or concerns, you will ask for help.
- That you will give 100% effort at all times regarding academics and athletics.
- That you take pride in yourself, your team, your school, and your community.
- That you are respectful at all times to teammates, classmates, administrators, teachers, coaches, opponents, spectators, officials, and parents/guardians.
- That you develop a sense of professionalism whereas you always do the best you can, use appropriate language, dress appropriately, and play with sportsmanship.
- That you will become leaders within athletics, within the school, and within the community.

Meeting these expectations will help in laying the foundation for success upon graduation from the East Stroudsburg Area School District. We are proud to have you representing our school and will support you throughout your journey. Failure to meet these expectations can result in suspension from games, practices, and possible removal from a team. With that said, we wish the best of luck and look forward to watching you compete.

Academic Eligibility

As per Board Policy #123 – Interscholastic Athletics: The Board directs that no student may participate in the program of interscholastic athletics if he/she has not maintained a record of academic proficiency that satisfies guidelines set forth by the PIAA and the East Stroudsburg Area School District and is sufficient to insure that participation in interscholastic athletic activities will not interfere with his/her instructional program.

For the purpose of determining *Academic Eligibility*, an average of 65% or greater is considered PASSING; an average below 65% is considered FAILING. Academic Eligibility will be determined by the following two criteria:

1. In accordance with the PIAA, a **high school student-athlete** must PASS at least 2 full blocks worth of classes or its equivalent that meet daily or he/she will be considered *Academically Ineligible* for participation. For eligibility purposes, a full block is defined as a class that meets for two periods daily; an equivalent would be a class that meets for one period daily. An **intermediate student-athlete** must PASS at least 4 periods worth of classes that meet daily or he/she will be considered *Academically Ineligible* for participation.
2. The East Stroudsburg Area School District requires that no high school or intermediate student-athlete can be failing any two or more classes at the same time or he/she will be considered *Academically Ineligible* for participation. For the purposes of academic eligibility: 1) A class is defined as any course that meets daily and 2) Programs at the Monroe County Technical Institute are equivalent to TWO classes.
 - **Academic Ineligible** means that a student-athlete may not participate in any team-oriented work, in skill work, in performances, or in competition during the period of ineligibility that will go into effect the immediate following Sunday through the next Saturday. He/she can be at practice for the sole purpose of maintaining proper conditioning or the like. Throughout the ineligible week, the student-athlete will be required to cooperate in remediation as determined by building administration and the athletic department. If the student-athlete meets eligibility requirements the following Friday, he/she will become eligible the immediate following Sunday.
 - If a student-athlete is failing one class that meets daily, he/she will be on “**academic warning**.” **Academic Warning** requires a student-athlete to participate in remediation as determined by building administration and the athletic department. If the student-athlete is passing the course as of the following Friday, he/she will no longer be on academic warning.

Academic Eligibility will go into effect once the competitive season begins. It will be monitored on a weekly basis and checked every Friday by combined efforts of the athletic department and the building administrative team. Grades of student-athletes will be reviewed as reported by classroom teachers through Progress Book. Student-athletes and coaches will be notified of any cases of Academic Ineligibility or Academic Warning through the building Associate Athletic Director. A letter will be mailed to parents of students who are Academically Ineligible.

At the conclusion of a marking period, if a student-athlete has failed to meet academic eligibility requirements, he/she will be ineligible for a period lasting for 15 school days at the start of the next marking period; the only exception being any deficiencies that have been corrected over the summer. The 15 school day ineligibility period, when applied to the end of the school year, uses final averages to determine eligibility.

NCAA Clearinghouse

We are very hopeful that many of our student-athletes will continue their athletic careers beyond high school by competing at the collegiate level. The NCAA Clearinghouse regulates athletic participation at the division I and II levels based upon **specific academic requirements beginning in 9th grade**. It is strongly recommended for both parents and student-athletes to express their desires to compete in college athletics to the athletic department, coaches, and especially to the guidance counselors. The counselors will help educate parents and student-athletes on NCAA eligibility requirements and assist with proper course selections and academic requirements. It is never too early to start asking these questions!

Attached at the end of this document is a copy of the [NCAA Eligibility Center Quick Reference Guide](#).

Infractions of the Code of Student Conduct

Student-athletes are held accountable to all school rules, policies, and disciplinary measures: 1) in school, 2) at school activities, 3) during time spent in travel to and from school and school activities, and 4) at such other times as allowed by applicable law; this could include but is not limited to at home, on the internet, or other places where conduct affects school operations. Misconduct on behalf of a student-athlete at any time should be immediately reported to the Building Principal and Director of Athletics and Activities. He/she may be subject to discipline according to the *Code of Student Conduct* and possible suspension and/or removal from the team. Refer to Board Policy #218 – *Student Discipline* and Board Policy #227 – *Controlled Substances* for additional information. There is an expectation that student-athletes within the ESASD are to be role models to others within the district.

If an ESASD student-athlete is suspended for an infraction of the *Code of Student Conduct*, he/she will be subject to demerits as follows:

- Any single disciplinary infraction resulting in **In School Suspension (ISS)** will result in ONE DEMERIT. In addition to the demerit, the student-athlete shall be suspended from participation in athletics on the day(s) of the ISS.
- Any single disciplinary infraction resulting in **Out of School Suspension (OSS)** less than five days will result in TWO DEMERITS. **In addition to the two demerits, the student-athlete shall be suspended from participation in athletics on the day(s) of the OSS. Sports with 15 or more competitions will carry a minimum two game suspension; a one or two day tournament will be equivalent to 2 competitions. Sports with less than 15 competitions will carry a minimum one game suspension.**
- Any single disciplinary infraction resulting in **Out of School Suspension (OSS)** five days or greater will result in THREE DEMERITS. In addition to the three demerits, the student-athlete shall be suspended from participation in athletics for 30 days.
- Each time a student-athlete accumulates FIVE DEMERITS during any school year as defined above, the student-athlete shall be suspended from participation in athletics for 30 days.

Demerits will be assigned per disciplinary infraction resulting in suspension. Suspensions from participation in athletics shall not exceed 30 days per disciplinary infraction. Days of suspension do not

equal number of demerits assigned. Example: A student-athlete receives three days of ISS for a single disciplinary infraction; this will be considered one demerit.

If a student-athlete is not demonstrating appropriate behavior as defined by the *Code of Student Conduct* at any time in season or out of season, a meeting may be held by building administration and the athletic department which may result in a suspension from participation of in season and/or out of season practices or events. Please remember that participation in athletics is a privilege, not a right. Student-athletes are expected to model appropriate behaviors at all times.

For the purpose of demerits, suspensions assigned to student-athletes attending MCTI will count towards demerit totals.

Lastly, students who are placed in an alternative education setting or who are currently in an alternative education setting are not permitted to participate in interscholastic athletic programs.

Transportation

The athletic department recognizes the right of the parent(s)/guardian(s) to decide how and by whom their child is transported. However, the privilege to compete in interscholastic athletics for ESASD is based on student-athletes following the policies, guidelines, and procedures as established by the ESASD.

Teams, which include coaches and student-athletes, are expected to travel together using whatever transportation as provided to them by the *ESASD*; this includes both to and from athletic competitions and scrimmages. This expectation is presented to build team camaraderie and to protect all student-athletes.

A coach should always be present on a bus when one of his/her teams is being transported by bus. It is preferred that the head coach accompany the bus at all times. If the head coach cannot, for some valid reason, accompany the bus, the Associate Athletic Director will be made aware of the situation in advance.

It is recognized that there will be times when extenuating circumstances may make it necessary for a student-athlete to travel to or from an event separately from the team. In the event that a student-athlete needs to travel separately from the team, a parent/guardian must communicate with the head coach and complete the ESASD Parental Transportation Request Form in advance (*see attached*). The head coach will keep the original. Student-Athletes will only be permitted to ride with their own parent/guardian. In case of emergency, the head coach may use his/her discretion and will contact the Associate Athletic Director or Director of Athletics and Activities. The Parental Transportation Request Form is still required.

Equipment/Uniforms

Once a student-athlete is identified as a member of the team, he/she may be distributed equipment and/or uniforms. **Uniforms issued by the athletic department are intended to be worn for competition. Wearing uniforms for purposes outside of competition including during school must be pre-approved by the coach, building administration, and Director of Athletics and Activities.** At the completion of the season, the student-athlete must return all equipment and/or uniforms issued by District as determined by the head coach before

being eligible to participate in any interscholastic activity in the future. The student-athlete is responsible to return such equipment or make monetary restitution. Failure to do so may result in non-participation of High School graduation activities and/or in charges being filed with the appropriate District Magistrate.

Expected Behaviors during Competition

During athletic competitions, it is expected that our student-athletes will compete in the true essence of good sportsmanship. This includes no disrespectful/inappropriate gestures, actions, or comments to officials, teammates, coaches, opponents, and/or spectators. We will be gracious in both victory and in defeat.

Social Media

~~The athletic department fully expects student athletes to appropriately use social media sources at all times both in and out of school. In addition to the provisions of Board Policies #249—*Bullying/Cyber Bullying* and #816—*Social Media*, student athletes who use social media to engage in bullying and/or cyber bullying; communicate and/or promote inappropriate, antagonizing and/or unlawful statements; gestures, images, actions, threats, violence, drugs, and/or alcohol shall be subject to a thorough and fair investigation. The results of this investigation may result in athletic sanctions up to and including removal from the team in addition to any applicable disciplinary consequences set forth in the *Code of Student Conduct*. Social Media can include but is not limited to text messages, email, blogs, Internet websites, Google, Facebook, Twitter, Instagram, Snapchat and/or wikis.~~

~~We are confident you will exercise good judgment in regards to social media and refrain from all forms of cyberbullying.~~

~~Student Athletes are reminded that they must comply with the School District's Social Media Policy (#816) and Social Media Student Administrative Regulation (#816-AR-S), the Bullying/Cyberbullying Policy (#249), the Acceptable Use Policy (#815), and other relevant School District policies, regulations, rules, and procedures. Student-athletes should use good judgment in their use of social media both in and out of school. A Message to Coaches

On behalf of the athletic department, we would like to thank you for your interest and desire to coach the young student-athletes within our school district community. It is often the case that experiences with interscholastic athletics help form foundations for a successful life beyond high school for many of our children; additionally, it provides them with many great memories as they get older. Whether it is your love of sports, love of working with student-athletes, love for our great school district, or a combination of all three, we are excited to have you as part of our athletic department team. We are confident that you will be a great role model in helping prepare our student-athletes to become good people, good students, and good athletes.

Our athletic program serves as an integral part of the educational process for students, grades 7-12. As a compliment to the academic component, our athletic program is structured to foster physical, social, emotional/intellectual, and moral development in all participants. In addition to promoting the skills identified in the district mission statement, the ESASD athletic program also emphasizes teamwork, good sportsmanship, leadership, and competitive spirit. Participation in athletics is a privilege, not a right. It is important that you understand this philosophy and incorporate it into your daily planning, interactions, and communications with other coaches, parents, administrators, and most importantly our student-athletes.

The expectations and guidelines described below provide Head Coaches with a framework by which they are to lead their teams. Assistant coaches **to include all** intermediate coaches are expected to act in a manner that supports the leadership as set forth by the head coach.

Simply stated, coaching for the East Stroudsburg Area School District requires you to C.A.R.E.

- **C**ommunicate appropriately at all times.
- **A**ct professionally at all times.
- **R**espect and fairness for all.
- **E**ncourage all by creating a safe and positive environment.

When we C.A.R.E., we create GOOD people, GOOD students, GOOD teammates, and GOOD athletes.

Expectations at All Times

- All coaches shall constantly emphasize the importance of making good decisions and maintaining good grades in school.
- All coaches shall refrain from inappropriate language which includes cursing and degrading comments to staff members, parents, and/or student-athletes. You are a role model and are expected to act as such at all times.
- All coaches shall dress professionally, especially during competitions. Because each sport is different, it is recommended that head coaches identify appropriate attire for coaching staffs during practice and competitions. Jeans, short shorts/skirts, sandals, facial piercings/tongue rings, and low cut tops/short tops are not considered professional attire. How you present yourself and allow your staff to present themselves send a strong message to your student-athletes, parents, administration and community.

- All coaches shall be cognizant of images and comments posted on social media sources. Refrain from inappropriate language, images, and gestures whether team, school, or personal. Remember that student-athletes may have access to view what you post. What message are you sending?

Beginning of the Season

- All coaches shall attend a pre-season coaches' meeting held by the Director of Athletics and Activities and/or the Associate Athletic Directors. Coaches who cannot attend the required meeting must set up a meeting time with their building associate athletic director before starting to coach.
- All coaches shall be board approved before starting to coach.
- All coaches shall update all state mandates and clearances as required by the PIAA and the athletic department.
- All head coaches shall notify the athletic department of any volunteers for approval and verification of clearances and board approval before starting to coach. Refer to Board Policy #916 – *School Volunteers*, for additional information.
- All head coaches shall submit their goals by the start of the season.
- All head coaches shall attend a PIAA rules interpretation meeting. Assistants are encouraged but not required to attend.
- All head coaches shall discuss the district-wide *Student-Athlete Expectations & Guidelines* with team members and parents at the beginning of each season. Student-athlete and parent sign-off is required.
- All head coaches shall share team rules and expectations with student-athletes.
- All head coaches shall provide parents with contact information regarding questions/concerns.
- All head coaches shall address parent concerns. In the case where a concern is not resolved, coaches need to notify and seek assistance from Associate Athletic Directors, the Director of Athletics and Activities, and/or Building Administration.
- All head coaches shall provide parents with practice and game day schedules. Be sure to include that practices and contests are “SUBJECT TO CHANGE.”
- All head coaches shall make every effort possible to accommodate, and not to penalize, student-athletes who choose to participate in more than one school-sponsored activity simultaneously.
- Progress Book – once rosters are submitted to the athletic office, a class can be created allowing coaches to track academic progress. Coaches are encouraged to communicate with parents and teachers regarding support and assistance of academic performance for student-athletes.
- Squad Selection/Cuts:
 - It is the coaching staff's responsibility for the selection of the members of the team.
 - In the cases when cuts are to be made, the coaching staff must inform all student-athletes of this possibility before tryouts begin. Tryout dates and criteria must be defined in advance **and shared with all student-athletes trying out**. The number of practices necessary before cuts can be made must be approved by the associate athletic director and in accordance with PIAA guidelines.
 - Head coaches are required to create an evaluation tool focusing on the following criteria:
 - The student-athlete's ability

- The student-athlete's skill level
- The student-athlete's potential
- The student-athlete's demeanor and disposition as displayed under all applicable conditions
- The number of positions available on the team
- The amount of practice time available for each team member
- The amount of playing time available for each team member
- Sport specific criteria as determined by the coaching staff
- Head coaches are responsible for assuring their assistants understand the criteria for evaluation tool.
- Prior to final selection of any squad, the entire coaching staff is responsible for discussing each student-athletes evaluation.
- For student-athletes who do not make the squad, coaches must do the following:
 - **Discuss and** provide a list of student-athletes not making the squad to the Associate Athletic Director **prior to meeting with them.**
 - Meet with each student-athlete in private and on an individual basis.
 - Lists and group postings or announcements are prohibited.
 - Provide the student-athlete with a rationale/copy of the evaluation explaining why he/she did not make the squad.
 - Answer parent questions/concerns regarding coaches' evaluation of the student-athlete.

During the Season

- Maintain a high level of safety and security:
 - Coaches are to be aware of building security, as well as the security of playing fields. Coaches should check all areas they have utilized at the termination of their use to be sure the area is secure and the lights have been turned off.
 - A member of the coaching staff **must** be the last person to leave the facility, unless another appropriate District employee is assigned to that area. It is his/her responsibility to ensure all students have properly vacated the premises prior to departing. **THIS INCLUDES SUPERVISION OF ACTIVITY BUSES EACH DAY!**
 - Coaches should instruct their student-athletes not to enter facilities before a coach has arrived.
 - The Associate Athletic Director or the Director of Athletics and Activities will distribute keys accordingly. Coaches are responsible for taking all necessary precautions possible to ensure their keys are not lost or stolen. Coaches are **NOT** to copy keys. Coaches are **NOT** to lend their keys to unauthorized individuals.
 - It is the responsibility of coaches to make arrangements to have an identification card issued to them, with the appropriate programming for use by the District's ID card "swipe" entry system, and coaches are **NOT** to lend their entry system ID card to unauthorized individuals.
 - Entry doors should **NEVER** be propped open while unattended.
 - Should a key or an ID card be lost or stolen, it is to be reported to the athletic office **IMMEDIATELY.**

- Upon resignation or departure from a position, **ALL** athletic area keys should be turned in to the athletic office.
- The Associate Athletic Director or the Director of Athletics and Activities may collect all keys at the termination of a season, or anytime it is deemed necessary.
- Daily communications:
 - All coaches shall provide both positive and corrective feedback in a manner that encourages student-athletes to want to get better. Keep in mind your interactions help shape their behaviors. When expectations are clear, they will respond.
 - All coaches shall communicate potential injuries to the athletic trainers and parents.
 - All head coaches shall provide practice and game schedules to student-athletes, parents, and the building athletic department. Keep them posted on changes, especially involving weekend/holiday practices.
- Non-school day practices and contests, inclement weather, and emergencies:
 - Practices and contests shall not be held when school has been canceled or dismissed early due to inclement weather or recognized emergency.
 - Practices and contests shall be held on days when the start of the school day has been delayed due to inclement weather or a recognized emergency *unless* a decision has been made otherwise by the Superintendent or designee.
 - In cases whereby a team or individual(s) qualifies for PIAA district, regional, and/or state level competitions to be held on (a) day(s) when school is not in session or has been dismissed early due to inclement weather or recognized emergency, the Superintendent or designee shall determine whether that team or individual(s) will be transported to said competition by the school district. In cases whereby the Superintendent has deemed it unsafe to transport, a student's parent/guardian may transport his/her child to the competition. Such a decision is entirely that of the parent/guardian and the Board assumes no responsibility for such an arrangement. Transportation to such competitions provided by faculty, students, and/or volunteer parents/guardians in private vehicles will not be considered.
 - Practice is permitted on in-service days. Practice may not begin until 2:15pm unless prior approval is granted by the Director of Athletics and Activities and/or Principal.
 - Practice is permitted during Parent/Teacher Conference days at times that do not interfere with conferences.
 - *Saturdays and school holiday practices* are permitted but must be appropriately communicated to student-athletes, parents, and the athletic department. Coaches are responsible for supervising students at all times and should be the first to enter and the last to exit. Team members must enter and exit only through designated doors. Coaches and team members are not to go beyond the athletic facilities. Coaches are responsible for security, lights, and their student-athletes.
 - *Sunday competitions and practices* may be permitted between the hours of 1pm and 5 pm only when unforeseen and compelling circumstances occur and will not be permitted merely to replace cancelled regular practices. There will be **no contests or practices** on Sundays at the middle school level. PIAA rules regarding Sunday athletic **competitions and practices** will apply (i.e. athletes required to be given another day "off" during the week). The head coach must secure approval from the Building Principal, Director of Athletics and Activities, and Superintendent **in advance** of scheduling **any** Sunday practice. Attendance at practices held on Sundays is to be ***completely voluntary*** (i.e. students are **not required to attend**, and

negative consequences are not to be given). Coaches are responsible for supervising students at all times and should be the first to enter and the last to exit. Team members must enter and exit only through designated doors. Coaches and team members are not to go beyond the athletic facilities. Coaches are responsible for security, lights, and their student-athletes.

- Student-athletes should not be penalized for missing rescheduled games and/or practices due to verifiable extenuating circumstances.
- Supervision of Student-Athletes at Tournaments:
 - Every effort shall be made to provide direct adult supervision for student-athletes while competing at tournaments.
 - At times when teams compete in tournaments, there are instances whereby our student-athletes must compete in different venues simultaneously. This precludes our coaches from being able to directly supervise student-athletes who may be “idle” while teammates are engaged.
 - Therefore, in such instances, coaches shall be advised to designate an area in the bleachers or at another appropriate area in the arena to which the student-athletes are expected to report and at which they are to remain while teammates are competing.
 - Those student-athletes who become spectators under such circumstances are to be advised by the coach(es) that they are to remain in the designated area and conduct themselves in an appropriate, orderly manner.
- Overnight Event Guidelines, in accordance with Board Policy #121 – *Field Trips*:
 - In the event that an overnight contest/competition is scheduled for a particular team, the head coach is responsible for making a formal request to the Director of Athletics and Activities for approval and in order to make arrangements for overnight accommodations, should it be deemed necessary. With the approval of the building administrator and the Director of Athletics and Activities, the request will be placed before the Board for approval.
 - In the event that individual student competitors, student-athletes and/or full teams representing the District qualify for PIAA district, regional, and/or state level competition that may require overnight accommodations, if deemed necessary, the Director of Athletics and Activities shall seek Board approval on, at a minimum, a yearly basis for the authority to review and approve arrangements for such overnight accommodations.
 - For all contests requiring overnight accommodations, the head coach will be responsible to see that Board Policy #121 – *Attachment B (Field Trip Permission Form)* is completed and submitted by students and their parent(s)/guardian(s). Copies of such paperwork are to be kept on file by the building principal and the Director of Athletics and Activities.
 - Coaches shall review Board Policy #121 – *Field Trips*, to accurately determine guidelines and procedures that may pertain to their particular event.

End of the Season

- All head coaches shall nominate a member of his/her team for any league, district, and state awards that the student-athlete may be eligible to receive. This includes both athletic and academic awards.
- All head coaches shall inventory uniforms and equipment and sit down with their Associate Athletic Director for review.
- All head coaches shall collect uniforms and equipment from all student-athletes who participated. Please note that only after you planned an end of the season collection of materials meeting and contacted parents should you turn names of student-athletes who did not turn in uniforms or equipment to the athletic office. Student-athletes will not be able to participate in an upcoming season until the missing items have been rectified.
- All head coaches shall assist with assistant coaching evaluations.
- All assistant/intermediate coaches shall assist with inventory collections and storage as directed by the head coach and associate athletic director.
- All head coaches shall complete the end of season summary and submit to the appropriate athletic office.
- All head coaches or a designee shall attend post season awards assemblies as scheduled by the building athletic department.

Off Season

In accordance with PIAA out-of-season rules and regulations, the ESASD requires all coaches to adhere to the following off season expectations:

- All sports have a defined season, and no sport shall operate to the detriment of any other sport.
- The student-athlete should have the opportunity to participate in as many interscholastic athletic experiences as is reasonably possible, and anything that serves to prevent this opportunity is contrary to the philosophy of the PIAA. **As a coach, you are expected to encourage your student-athletes to participate in other sports, clubs, or activities.**
- Outside of the defined season for sports, member schools may not sponsor teams.
- Coaches are encouraged to offer student-athletes organized opportunities such as training programs, recreational activities, “open gyms”, clinics and camps provided that any participation by coaches and/or student-athletes is completely **VOLUNTARY**.
- Coaches offering voluntary opportunities shall complete a Use of Facility Form and submit to the building level athletic office for approval. Include the parent permission/sign-off form which explains: 1) what you are offering, 2) when you are offering it, 3) where it is located, and 4) who is supervising.
- Student-athletes cannot participate in off season opportunities without a signed parent permission form. Additionally, coaches must maintain a daily attendance log.
- The school’s name, nickname, uniform, equipment, and first aid supplies **may not be used by community organizations and groups.** The school’s name, nickname, and uniforms may not be used by student-athletes; however, the athletic director may permit students to use the school’s interscholastic equipment and the school’s interscholastic first aid supplies.
- Tryouts may not be held outside the PIAA defined season.
- Attendance in out-of-season programs or camps does not guarantee that a student-athlete will make a team during the defined season.

- Failure to attend out of season programs or camps may not be held against student-athletes who try out for teams.
- Head coaches will prepare yearly team budgets in collaboration with the Athletic Department.
- In the case of injury during off-season opportunities, coaches should:
 - Analyze the severity of the injury and do not leave the student-athlete unattended.
 - Contact the athletic trainer, if possible.
 - Contact the athletic department or building principal, if necessary.
 - Contact the student-athlete's parent.
 - Document the incident and provide a copy to the trainer and the athletic department.
 - If necessary, call 911.

Safeguarding the Student-Athlete

As stated previously, participation in athletics is a privilege. The student-athlete has a responsibility to play fairly, always do his/her best, maintain fitness, and to conduct himself/herself in a manner that is representative of the District. In turn, all things possible should be done to protect against injury through conditioning, instruction, modeled behavior and adequate supervision. Coaches should constantly evaluate to ensure a safe experience for all. Below are some guidelines and suggestions that will help coaches evaluate his/her student-athletes in this regard:

- Proper conditioning aids in the prevention of injury:
 - Players should practice a minimum of two weeks before participation in a contest.
 - Student-athletes should be given direction regarding preseason conditioning.
 - Players should be required to warm up thoroughly before participation.
 - Substitutions should be made without hesitation when players appear too fatigued to perform and/or exhibit injury.
- Proper officiating promotes enjoyment of the game as well as providing players with protection:
 - Rules regulations must be strictly enforced in practice and contests.
 - Players and coaches should know and understand the rules of the game.
- Coaching leads to skill-building and lowers the incidence of injury:
 - Injuries should be analyzed to determine cause; preventative programs should be established accordingly.
 - The athletic trainer must see the injured student-athlete as is applicable, and his/her terms strictly followed, without question, by the coach and player.
 - Practices must be planned and of reasonable duration.
 - The coach must emphasize safety and teaching the proper skills.
- Equipment and facilities must be properly maintained:
 - Careful attention must be given to proper fit of equipment.
 - Appropriate equipment must be provided for contact sports.
 - Equipment must be properly maintained.
 - Play areas are to be properly maintained.
 - Questions regarding the condition of equipment and/or playing/practice facilities should be reported immediately before allowing student-athletes to use.
