Investigate and recommend to the Board school district-sponsored programs of immunization as may be warranted by circumstances and the health of the school community. Any such program is subject to Board approval and should be conducted in cooperation with local health agencies.

Title 28
Sec. 23.86

The Superintendent or designee shall report immunization data electronically to the PA Department of Health by December 31 of each year. If the district is unable to complete the report electronically, the Superintendent or designee shall report the immunization data on the required form to the PA Department of Health by December 15.

Communicable Diseases

The Board ~~approved and any health and safety plans authorizes~~ directs that students who have been diagnosed by a physician or are suspected of having a disease by the school nurse shall be excluded from school for the period indicated by regulations of the PA Department of Health or guidance from state or local health officials for certain specified diseases and infectious conditions.

Parents/Guardians shall be notified of this policy at the beginning of the school year, and that during the school year it may be necessary for a student to be excluded from school due to communicable disease. Parents/Guardians of a student needing to be excluded shall be notified and required to come to school or have a designated emergency contact come to school to transport the student home or to an appropriate place of care. Students may return to school when the criteria for readmission following a communicable disease, as set forth in law, regulations or guidance from state or local health officials, have been met.

The Board directs school staff to request emergency contact information from parents/guardians of students at the beginning of each school year and request that it be updated as necessary during the school year.

The school nurse shall report the presence of suspected communicable diseases to the appropriate local health authority, as required by the PA Department of Health.

The Superintendent or designee shall direct that health guidelines, Board-approved and any health and safety plans, and universal precautions designed to minimize the transmission of communicable diseases be implemented in district schools.

Instruction regarding prevention of communicable and life threatening diseases shall be provided by the schools in the educational program for all levels, in accordance with state regulations.

Parents/Guardians shall be informed of and be provided opportunities during school hours to review all curriculum materials used in instruction relative to communicable and life threatening diseases, in accordance with Board policy.
