202. ATTENDANCE ELIGIBILITY

1. Purpose
24 P.S. 501, 502,
503

The Board shall operate the schools of the school district for the benefit of the children residing in the school district. Children residing in the school district are eligible to attend the schools of the school district.

The Pennsylvania School Code states that a child shall be considered a resident of the school district in which his/her parents or the guardian of his/her person resides. When the parents reside in different school districts due to separation, divorce or other reason, the child may attend school in the school district of residence of the parent with whom the child lives for a majority of the time, unless a court order or court approved custody agreement specifies otherwise. If the parents have joint custody and time is evenly divided, the parents may choose which of the two school districts the child will enroll for the school year. If the child is an emancipated minor, the resident school district is the one in which the child is then living. For purposes of this section, an emancipated minor is a person under 21 years of age who has chosen to establish a domicile apart from the continued control and support of parents or guardians. A minor living with a spouse is deemed emancipated.

To ascertain if a student is, in fact, emancipated and has a right to attend school in the school district the student shall:

1. sever most "filial ties" and must be substantially free from parental "domination and control"; and
2. live apart from the parent; and
3. be financially independent of the parent; and
4. be responsible for his/her own welfare and behavior.

The parent or guardian shall place on file a sworn statement attesting to the fact that the four previous conditions exist. Every reasonable effort should be made to secure this documentation directly from the parent or guardian in order to confirm that the child is not a runaway or under the control of juvenile authorities or some other agency. Where the parent or guardian cannot be contacted or does not provide the statement, verification can be made by having the student provide evidence that the four tests have been satisfactorily

<p>2. Authority SC 1305</p> <p>4. Guidelines</p> <p>SC 1316, 2561</p> <p>SC 1301, 1316</p>	<p>met. In instances whereby a parent has submitted the required evidence of emancipation, the school district reserves the right to request additional evidence substantiating the veracity of any such claims. In instances where the school cannot verify emancipation, the student shall be referred to an appropriate child care agency.</p> <p>Note: Students who are married and living with a spouse are also considered to be emancipated. This is usually the case no matter what the age of either partner.</p> <p>Federal installations/land are considered a part of the school district or districts in which they are situated and the children residing on such installations shall be counted as resident students of the school district. This policy pertains to all students registering in all grades (K-12) including original entries, re-entries and new entries in the school district.</p> <p>It shall be the responsibility of the administration to determine the residency status of each student at the time of his/her application for enrollment and to obtain the necessary affidavit and supporting documents as required</p> <p>The child will be enrolled in the building which s/he would normally attend in accordance with established school district attendance areas. The school district shall normally enroll a child the next business day, but no later than five (5) business days, after the date of application. The school district has no obligation to enroll a child until the parent, guardian or other person having control or charge of the student making the application has been supplied proof of the child's age, residence, immunizations, and other documentation as required by law and this policy. This applies equally to nonresident children who are children living in facilities or institutions as defined in 22 Pa. Code § 11.8 (relating to nonresident children living in facilities or institutions), or foster homes, or with a school district resident who is supporting the child without personal compensation as defined in 22 Pa. Code § 11.9 (relating to nonresident children living with a school district resident), provided that the person making the application has supplied the documentation required by law.</p> <p>The District shall not be responsible for transportation to or from school for any student residing outside school district boundaries, unless required by the McKinney Homeless Act.</p> <p><u>Eligibility of Non-Resident Students</u></p> <p>The Board recognizes that there may be occasions when nonresident students may be required or permitted to attend the schools of the school district. This policy addresses such occasions.</p>

<p>SC 1302 Title 22 Sec. 11.19</p>	<p>The Board shall require that appropriate legal documentation showing dependency or guardianship or a sworn statement of residential support be filed with the Board Secretary before an eligible nonresident student may be accepted as a student in the schools of the school district, as provided in this policy. The Board may require a resident to submit additional reasonable information to substantiate a sworn statement, in accordance with guidelines issued by the Pennsylvania Department of Education, and as provided in this policy.</p> <p>The Board reserves the right to verify claims of residency, dependency and guardianship and to remove from school attendance a nonresident student whose claim is invalid.</p> <p>A resident whose student is to be disenrolled from the District may request a Board hearing to determine the student’s eligibility to attend the District’s schools. The District’s administration shall adopt procedures for the notification of the resident and the student of the disenrollment and the right to request a hearing, including adopting a reasonable deadline for making a request. A resident who requests a Board hearing to determine the student’s enrollment eligibility under this policy shall remain enrolled in the District’s schools pending the Board’s decision.</p> <p>Where applicable, tuition rates shall be determined in accordance with statute.</p> <p><u>Court-Ordered Guardianship</u></p> <p>A resident of the District who has a court order granting guardianship of a child may enroll the child in the District’s schools without the payment of tuition. A court order granting custody of the child will not, in and of itself, substantiate the right of a non-parent to enroll the child.</p>
<p>Title 22 Sec. 11.19 SC 1302</p>	<p><u>Other Nonresident Students Under Section 1302(a)(2) of the Public School Code</u></p> <p>A non-resident student may be admitted to the school district where attendance is justified on the grounds that the student lives full-time and not just for the school year with a school district resident who has assumed the responsibility to keep and support the student in line with applicable state law and the provisions of the School Code or is visiting this country as an exchange student and lives in the school district.</p> <p>A resident seeking enrollment of a non-resident student under this policy provision must provide a Sworn Statement of Support Under Section 1302. A resident who knowingly provides false information in the sworn statement shall be subject to the penalties provided by law.</p>

Title 22
Sec. 11.18
SC 1305

As substantiation of the sworn statement that the child is being supported gratis, the resident shall, in addition to the sworn statement, furnish at least one of the following documents at the time of the application for enrollment:

- Copy of Federal or State tax form which lists child as a dependent of resident, or
- Copy of insurance policy/card/statement listing child as eligible for services as a dependent of resident or public assistance, or
- Copy of marriage certificate listing the child's parent as a spouse of the resident, or
- Documentation that the child's parent(s) has been deployed for active military duty.

In lieu of providing one of the aforementioned four (4) acceptable substantiating documents, resident(s) who seek enrollment of student(s) pursuant to this policy must, as a further condition of enrollment, sign an agreement that if they fail to provide one of the aforementioned acceptable substantiating documents within sixty (60) days of their application for the student's enrollment, they shall be responsible for the payment of tuition on a prorated daily basis for the number of days the student(s) attended school in the District.

The failure to provide such proof of residency within sixty (60) days of the application for the student's enrollment pursuant to this policy provision shall result in the disenrollment of the student from the District. The District administration shall establish procedures for the notification of parent(s)/guardian(s) of the student's disenrollment. A student who is disenrolled for failure to establish residency in the District under this policy provision shall have the right to request a Board hearing to determine the student's residency status. If a Board hearing is requested, the student shall remain enrolled in the District's schools pending the outcome of the hearing.

Nonresident Children Placed By a Court or Appropriate Government Agency In The School District

Any child placed in the home of a resident of the school district by a court or an agency of the government shall receive the same benefits and be subject to the same duties as resident children. The resident shall provide to the District administration appropriate documentation to substantiate the residential placement of the child by the court or government agency. A child custody order does not constitute court-ordered residential placement for the purposes of this policy provision.

Title 22
Sec. 11.18
SC 1306

Residents of Institutions

A child who resides in an institution for the care or training of children located within the school district is not a legal resident of the school district by such placement, but shall be admitted to the schools of the school district and a charge shall be made for tuition in accordance with the school district's established tuition rates and the School Code.

Immigration Status

A child's right to be admitted to school may not be conditioned on the child's immigration status. A school may not inquire regarding the immigration status of a student as part of the admission process. This provision does not relieve a student who has obtained an F-1 visa from the student's obligation to pay tuition under Federal law.

Future Residents

Students whose parent(s)/guardian(s) have purchased a domicile or are building a primary residence in the school district, but face delayed occupancy, may start school in a given school year provided that the delay in occupying that residence is reasonably anticipated to be no more than ninety (90) days.

Parent(s)/guardian(s) who seek enrollment of students pursuant to this policy provision must, as a further condition of enrollment, sign an agreement that if they fail to establish residency in the District within ninety (90) days of their application for the student's enrollment, they are responsible for the payment of tuition on a pro-rated daily basis for the number of days the student attended school in the District.

The failure to establish residency within ninety (90) days of the application for the student's enrollment pursuant to this policy provision shall result in the disenrollment of the student from the District. The District administration shall establish procedures for the notification of parent(s)/guardian(s) of the student's disenrollment. A student who is disenrolled for failure to establish residency in the District under this policy provision shall have the right to request a Board hearing to determine the student's residency status. If a Board hearing is timely requested, the student shall remain enrolled in the District's schools pending the outcome of the hearing.

The school district reserves the right to require proof of the anticipated residency, to verify the representations as to the purchase/construction of a residence, and to deny admission to or to remove from school any non-resident student whose request for enrollment is not considered by the school district as having been substantiated. The Board is not responsible for the transportation of non-resident students.

SC 1316

Former Residents

Regularly enrolled children whose parent(s)/guardian(s) have moved out of the school district may be permitted to finish the school year without payment of tuition provided that:

1. The student is in twelfth grade when the parent(s)/guardian(s) have moved from the school district.
2. The student is not in the 12th grade but there is less than one full marking period remaining in the school year.
3. Parent(s)/guardian(s) must agree to provide all necessary transportation.
4. The student has displayed acceptable behavior and academic progress prior to the move.
5. The administration has made a recommendation for the student to remain in the school district.

In all cases, application must be made to the Superintendent through the school principal.

In all cases, a resident student whose family is displaced from the school district for a total time period not to exceed six (6) weeks may continue enrollment in the school district. However, the parent(s)/guardian(s) is required to provide or arrange for the necessary transportation. If the students' family is still residing outside the school district at the end of the six (6) week interval, the student's enrollment in the school district will be ended and s/he will be removed from the school district rolls.

The failure to provide such proof of residency within sixty (60) days of the application for the student's enrollment pursuant to this policy provision

shall result in the disenrollment of the student from the District. The District administration shall establish procedures for the notification of parent(s)/guardian(s) of the student's disenrollment. A student who is disenrolled for failure to establish residency in the District under this policy provision shall have the right to request a Board hearing to determine the student's residency status. If a Board hearing is requested, the student shall remain enrolled in the District's schools pending the outcome of the hearing.

The school district may require more than one (1) type of proof of residency from List A and/or List B (above) either at the time of initial application or at any subsequent time should the legitimacy of residency become an issue.

agent(s) to make such home visits.
