

PROGRAMS AND RESOURCES FOR HIGH SCHOOL

Curriculum & Instruction
Department

**HIGH SCHOOL
SUBSCRIPTIONS**

SCREENCASTIFY

Screencastify is a screen recorder that allows educators and students to record, edit, and share videos in seconds.

MOTE

Mote enables students and educators to use their recorded voice to connect personally even when remote.

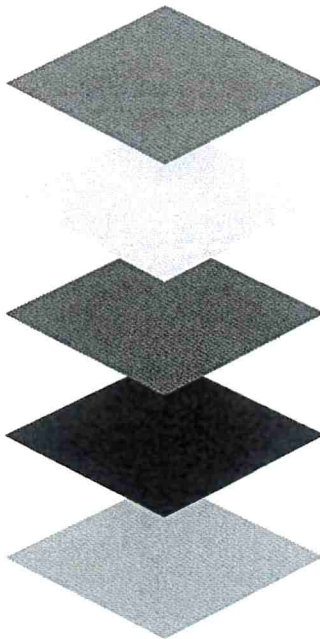

EDPUZZLE

Edpuzzle is a teaching tool used to place interactive content into pre-existing videos from a variety of sources.

NEARPOD

Nearpod offers Real-time insights into student understanding through interactive lessons & videos, gamified learning, formative assessment, etc.

COMMONLIT

Provides a vast collection of literary and informational texts. The program is designed to support reading and writing instruction in schools and at home.

IXL

Provides comprehensive, standards-aligned content in multiple subjects. The platform is known for its adaptive learning features and real-time diagnostics that cater to the individual learning needs of students

GET MORE MATH

A dynamic math practice program that combines cumulative practice with mixed review, focusing on long-term retention and mastery of math skills for students.

MASTERING BIOLOGY

A flexible, teaching & learning platform that allows teachers to customize content to meet student needs with interactive activities.

MYMATHLAB

A comprehensive online education system integrating homework, assessment, and personalized learning to enhance students' understanding and performance in mathematics.

BFW

Offers a blend of rigorous content, interactive technology, and personalized learning approaches to strengthen students' mathematical skills and understanding.

CONNECT-ED

A digital learning platform offering a suite of interactive math resources and tools designed to enhance student engagement and understanding in mathematics.

UNITY GAME DESIGN ENGINE

Unity is a game engine based on Microsoft C# that supports the creation of 2D, 3D, and other types of games

CENTURY 21 ACCOUNTING

Century 21 Accounting is a step-by-step approach to teaching accounting with a wealth of activities and practice available.

CODEHS DIGITAL LEARNING PLATFORM

CodeHS offers a suite of teacher tools, resources and support to offer great computer science programs.

SIGHT READING FACTORY

Sight reading exercises with countdown timers. Students record performances and submit it to their teacher. Teachers can grade assignments and give students feedback which is then shared back with the student.

SMARTMUSIC

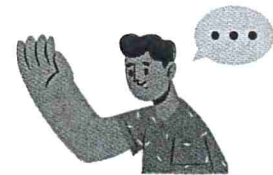

Customizable, built-in exercises allow teachers to assign and assess students. Allows teachers to provide instant feedback to students.

FINALE

Music notation software that gives teachers the tools to create flexibly, intelligently, and efficiently. Includes preloaded music worksheets along with the ability to create music notation.

MUESCORE

Music notation software. Create, playback, and print sheet music which features an easy to use WYSIWYG editor with audio score.

RIPPLE EFFECTS

A digital suite of programs to personalize social emotional skill building and promote positive behavioral and mental health.

SMART FUTURES

Online career planning and portfolio platform for students. Based on PA standards for Career Education with built-in skill credentialing and eMentoring.

Library Resources- Collection of Subscription Databases for student and staff use.

TEST PREP (AP/SAT/ASVAB)

QUESTIONS: WHAT BUDGET PAYS FOR SUBSCRIPTIONS
BUILDING, CURRICULUM, TECHNOLOGY.
EXAMPLES
MINECRAFT - JTL - PAID FOR BY TECHNOLOGY;
STUDY ISLAND - PAID FOR BY TECHNOLOGY

- Lucid Press
- Kami
- We Video
- Career Cruising - will come out
- Survey Monkey
- Voice Thread
- Adobe
- Microsoft
- Movie licensing for all district
