- *Review the four online safety rules*
- *Identify and give examples of ways strangers use the Internet to impact real world safety*

Key Vocabulary:

- Personal information
- Stranger
- Trusted Adult
- Internet
- Cyberbully
- Netiquette

Materials and Resources:

- Computer
- Router's Birthday Surprise Online Interactive Adventure <http://www.netsmartzkids.org/rbs/index.htm>
- Educator's Guide to Router's Birthday Surprise http://www.netsmartzkids.org/rbs/pdfs/educators_guide.pdf

ASSESSMENT EVIDENCE

Formative Assessment:

Students complete the following activities in the interactive adventure:

- Make-a - Match
- What Rule is it Anyway?
- Get Clicky to Webville
- Outlaw Roundup

Summative Assessment:

After completing the online requirements of the interactive adventure, a certificate of completion will be unlocked.

Competencies:

Students should be able to state the four safety rules and give examples of how to remain safe online and the real world

LEARNING PLAN

Instructional Activities/Strategies:

- Introduce the navigation of the Smartkidz website and help students sign in
- In a lab setting, students can individually complete the online interactive adventure working through the online safety components OR as a class, the adventure can be completed together using a computer and the projector.

Enrichments:

Additional online activities at Netsmartzkids.org

Interventions:

- Teacher Assistance for navigating website
- Students work cooperatively to complete the interactive adventure
